EXPERIENCE

EnglishBhashi

Dec 2024 - Present

Flutter and Nodejs Developer Intern

Remote

- Flutter Developer:
 - Developing an English learning mobile application using Flutter, focusing on creating responsive, cross-platform experiences.
 - Implementing state management using the BLoC pattern for efficient and structured state handling.
 - Integrating RESTful APIs to deliver dynamic content and enable interactive features.
 - Enhancing the application's UI/UX with responsive designs, custom widgets to ensure a seamless user experience.
- Node.js Developer:
 - Building scalable and efficient backend services to support the mobile application.
 - Designing, Implementing, and deploying RESTful APIs to enable smooth data exchange between the client and server.
 - Managing and optimizing user and content data with MongoDB for enhanced application performance and reliability.

PROJECTS

Random Chat Web Application

[Github](#) | [Web page](#)

Flutter, Dart, Node.js, Express.js, Socket.io

- Build a web application allowing users to connect with strangers for real-time chats.
- Designed an engaging platform for spontaneous chats using Flutter and Node.js

Classroom Chat and File Sharing Application

[Github](#)

Flutter, Dart, Node.js, Express.js, Socket.io, MongoDB

- Developed a chat and file-sharing application for classroom use.
- Implemented clean architecture principles in Flutter for client-side.
- Utilized Node.js with Typescript for server-side and MongoDB for storage.

Telegram Random Chat Bot

[Github](#) | [Telegram Bot](#)

Dart, Telegram API

- Developed a Dart-based Telegram bot for anonymous random communication.
- Managed private chat sessions using Telegram's Bot API, ensuring privacy.

WiseWords Mobile Application

[GitHub](#)

Flutter, Dart, OpenAPIs

- Created a Flutter app for random quotes, jokes, advice, and affirmations.
- Integrated APIs for dynamic content delivery, focusing on user-friendly design

SKILLS

Programming Languages

Java, C, Python, Dart, Javascript, Typescript

Technologies

Flutter, Spring boot, HTML, CSS, React.js, Node.js

Databases

MySQL, MongoDB, SQLite, PostgreSQL

Tools

Git, Docker, Figma, AdobeXD

Other Skills

Data structures and Algorithms, Object Oriented Programming,

CERTIFICATIONS

Gold Badge In Java

HackerRank

Java (Basic)

HackerRank

AWS Cloud Architecting

AWS Academy

LANGUAGES

- Tamil (Native)
- English
